

## Flail Shredder

Identical in design to the vegetable strippers, it differs in that its rear roller takes the height reference from the plastic film.

It allows to clean the films after harvesting in order to facilitate their recovery.

### OPTIONS

Trimmer discs

Available in different widths:

BJ 1650

BJ 1950

Use on crops of :

- melon
- zucchini
- squash
- watermelon
- gherkin
- curcubitaceae
- etc...
